MITTMAN
HOSPITALITY

**WELCOME TO
LEWIS MITTMAN HOSPITALITY
AT BOUTIQUE DESIGN!**

We are dedicating this show to our friends and co-workers: the skilled artisans and craftswomen and men of China. During this year of economic turmoil, we have been searching for sourcing options throughout the world. Despite this exercise, we keep circling back to our home manufacturing base: China. We were not surprised to find that no other country we visited could provide the furniture manufacturing infrastructure and highly skilled labor as China, when also factoring in fair and marketable pricing. We think, that after viewing this year's collection, you, too, will understand and agree with our summation.

We look forward to your comments and requests.

Kind regards,

Steve Mittman
Jonathan Dean-Hastie
Jamie Calhoun
Chris Hastie
J Jewett
Lillian Wan

... and the 22 dedicated engineers & QC professionals of our China Team.
